OVERVIEW

This document is provided to assist Public Safety Answering Points (PSAP's) and governing 9-1-1 authorities with the information required for developing, training, equipping, and deploying a standardized Telecommunicator Emergency Response Taskforce (TERT) team. TERT is the concept of communications-specific mutual aid between PSAPs to provide trained PSAP personnel during emergency situations. Unlike most contingency plans prepared by individual PSAPs to address specific threats to their own PSAPs, TERT involves providing qualified communications personnel to work in another PSAP and requires coordination among PSAPs, mutual aid consortiums, and Emergency Management Agencies (EMA) from different municipalities, states, and regions. When possible, the TERT members' skill sets should match those of the Requesting Agency. This coordination must take into account that while each agency is unique in its resources and operations, the basic duties and responsibilities remain the same.

The unique nature of communications centers/PSAPs requires that daily operations continue regardless of circumstance. It is therefore imperative that PSAPs plan for emergency circumstances that adversely affect their ability to adequately staff their center.

For this program to be successful it must be recognized and supported by federal, state, local, and tribal EMA. Additionally, it is imperative that local agencies fully support TERT as a key element of public safety response as they do police, fire and EMS personnel.

1. INTRODUCTION

1.1. Purpose and Scope of Document

This document was developed in conjunction with the Washington Chapter of the Association of Public Safety Communications Officials. Inc. (APCO), National Emergency Number Association (NENA) and, the National (APCO/NENA) Joint TERT Initiative (NJTI). The intent of this document is to better prepare for and respond to disaster events affecting Public Safety Answering Points (PSAP) and Dispatch Centers.

1.2. Reason to Implement

PSAPs, specifically their personnel, are critical for the safety and security of the public. Many manmade or natural occurrences have the potential of adversely affecting a PSAP from maintaining adequate staffing and consequently might place the public and public safety responders in danger. It is therefore incumbent on PSAP administrators to prepare for such occurrences.

1.3. Document Review

NJTI reserves the right to modify this document complying with the APCO ANSI process. This is an evolving document which shall be reviewed annually by the NJTI. Whenever it is modified, the reason(s) shall be provided in this paragraph.

- 4.5.8. Committee Members are selected by the Committee Chair.
- 4.5.9. Committee Members must complete all requisite FEMA member training.
- 4.5.10. Committee Members are responsible for assisting the creation of policies, procedures, and practices recommended for WA State TERT.

4.5.11. Committee Members are responsible to attend meetings and conference calls.

4.5.12. Members are responsible for completing work assignments on time.

4.6. Participating Agency/PSAP Responsibilities

4.6.1. Participating Agency agrees to provide personnel to serve in certain designated positions on the Washington State TERT as determined by the Sponsoring Agency. A List of the individuals who are designated as "Participants or authorized members", as well as other pertinent information will be maintained in the TERT Regional and State Coordinators as well as the TERT Committee Chair.

4.6.2. Participating Agency agrees to establish a Point of Contact person and 24- hour notification number in addition to training all employees on the process of notifying the Point of Contact regarding a request for TERT members. Determine a selection process for TERT members.

4.6.3. See recommendations and qualifications in Section 3 of this document.

4.6.4. Participating Agency should allow their Participants to attend the required training identified as a requirement for the specific position that their participants fill on the Taskforce.

4.6.5. Participating Agency shall at all times continue to be fully responsible for all of its employment obligations to its employee Participants, including their compensation and benefits.

4.6.6. Participating Agency agrees to pick up the cost of their deployed personnel's salaries & benefits for up to 24 hours with an intra-state deployment of their TERT members.

4.6.7. Participating Agency shall at all times maintain a list of available participants for deployment.

4.6.8. Upon receipt of an Activation Order for the Taskforce, the Participating Agency shall notify their deploying participants to provide a method by which to communicate with the TERT State Coordinator and/or Team Leader.

4.6.9. The Participating Agency is responsible for a participant meeting the general training requirements listed below listed in Section 3 of this document.

4.6.10. Provides equipment, materials, or supplies to satisfy the nature of the deployment.

4.6.11. The Participating Agency will sign an Intergovernmental Agreement (IGA) with the Washington State Department of Emergency Management.

- 4.6.12. If applicable, the Participating Agency's cost reimbursement package shall be submitted to the Washington State Emergency Management Division within 30 (thirty) days upon demobilization. Participating Agency's cost reimbursement package shall be prepared in conformance with applicable procedures which can be obtained from Washington EMD.
- 4.6.13. Provide the Regional TERT Coordinator with employee compensation information and other pertinent TERT participant data required for its authorized TERT members annually, or as changes occur in compensation rates. Failure to update the data may result in only partial compensation, when applicable.
- 4.6.14. Determines a Point of contact within the agency who will act to coordinate TERT effort.
- 4.6.15. Shall include 24-hour phone number, email, or other electronic notification methods
- 4.6.16. Determines a back-up Point of contact
- 4.6.17. Trains and notifies all staff of the process for notifying the Point of contact person about all TERT requests or calls.
- 4.6.18. Participates in meetings and training with the Regional Coordinator.
- 4.6.19. On mobilizations the Participating Agency will advise its deployed team members to respond to the designated assembly point (as determined by the Team Leader or Regional Coordinator) within 12 hours of notification with all required personal clothing, equipment, and required documentation.

4.7. Requesting Agency/PSAP Responsibilities

- 4.7.1. When a PSAP experiences a manmade and/or natural disaster of such significant magnitude that it creates the need for additional/replacement staffing to maintain an adequate level of service to the public and public safety responders, Telecommunicator Emergency Response Taskforce (TERT) activation may be requested.
- 4.7.2. If the event results in the Governor or President declaring a state of emergency, reimbursement for the deployment may be available provided all Washington State Emergency Management Division (WA EMD) activation procedures are followed. If the event does not rise to the level of a declared emergency, the TERT deployment will be considered a mutual aid situation with no reimbursement made available through the State or Federal Agencies.

4.7.3. General Responsibilities of the Requesting Agency/PSAP

- 4.7.3.1. It is strongly suggested that PSAPs complete a PSAP Survey Form prior to the need for TERT (See forms appendix)
- 4.7.3.2. To provide specific information outlining your PSAP's needs to the State TERT

Coordinator. The TERT Request Information is the minimum information that a responding State TERT Coordinator will need in order to start the activation process. The State TERT Coordinator may ask for additional information.

- 4.7.3.3. Coordinate travel and lodging with the State Coordinator of the responding state.
- 4.7.3.4. Provide guidance and direction to the responding team
- 4.7.3.5. Assign a TERT Liaison responsible for deployed teams
- 4.7.3.6. Provide TERT packages to arriving teams (See forms appendix)
- 4.7.3.7. Assign and monitor tasks to the TERT personnel while they are working in your PSAP, as necessary
- 4.7.3.8. Notify WA-EMD after team has checked in
- 4.7.3.9. Ensure that responding team members are utilized in an appropriate manner.
- 4.7.3.10. Contact WA-EMD at least once per day
- 4.7.3.11. Inform WA-EMD when situation is stabilized and TERT personnel are no longer needed
- 4.7.3.12. Complete all Deployment Review forms. (See forms appendix)
- 4.7.3.13. Inform the State Coordinator of the responding state of any problems regarding TERT personnel, i.e. skills not matched to needs, not performing to your expectations, etc.

4.7.4. Additional Responsibilities for Requesting Agency/PSAP Request for TERT (Teams) Within the State-Declared Disasters

- 4.7.4.1. Manmade and/or natural disaster occurs
- 4.7.4.2. Local, state, or federal officials may make declaration of disaster
- 4.7.4.3. Requesting Agency/PSAP contacts WA State Emergency Management Division (WA EMD) to request Telecommunicator (TERT) assistance
- 4.7.4.4. WA EMD notifies State TERT Coordinator or Assistant Coordinator of mission request and the assigned mission number
- 4.7.4.5. Statewide TERT Coordinator or designee then calls the Requesting Agency/PSAP to get updated operational and mission request information

- 4.7.4.6. Official request for TERT members and leaders who make up the taskforce is made by State TERT Coordinator through Regional Coordinators who will contact PARTICIPATING Agencies in their regions to determine which trained team members are available for deployment

NOTE: Participating Agency/ PSAPs may decline to assist (for example: a response would deplete staffing within their center or otherwise negatively impact the PSAP's ability to perform their normal functions)

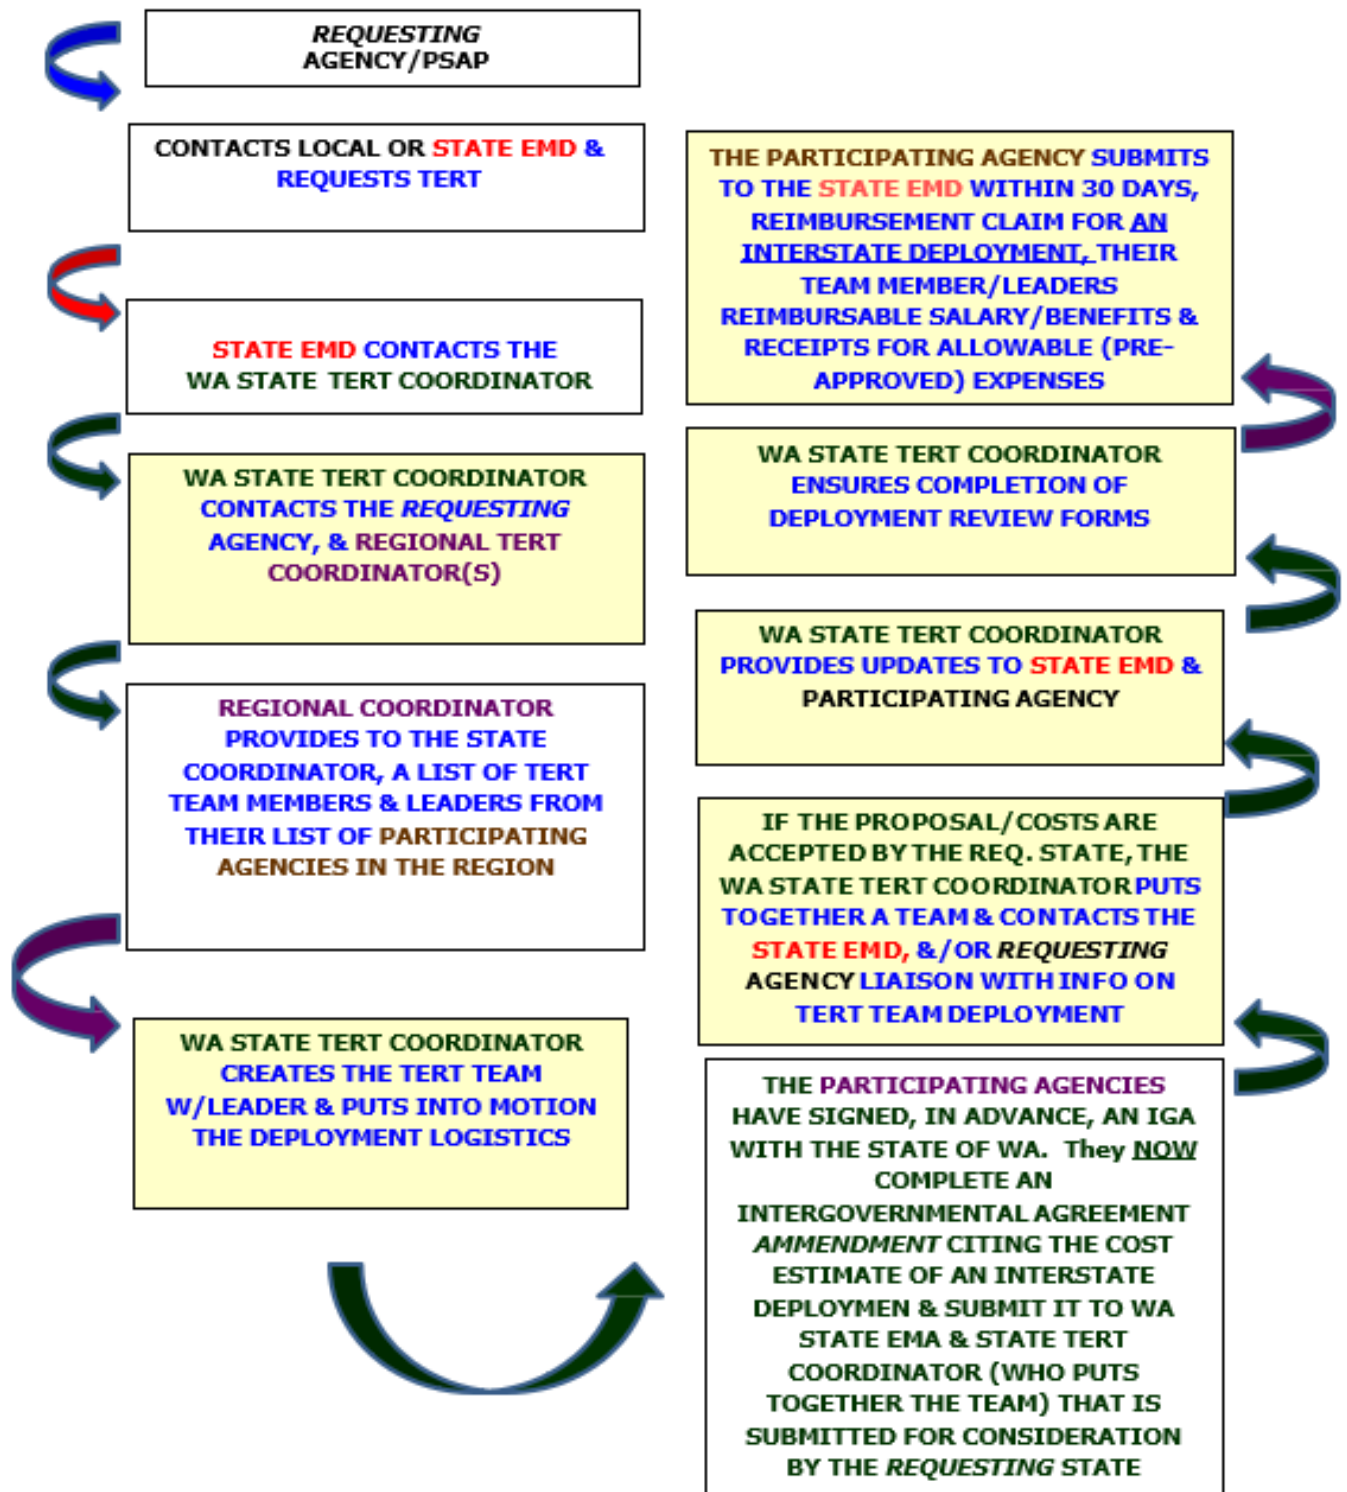

4.7.5. Information for Requesting Agency/PSAP for TERT Teams of Out-of-State for a Declared Disaster

- 4.7.5.1. Manmade and/or natural disaster occurs in WA state
- 4.7.5.2. Local, state, or federal officials make declaration of disaster
- 4.7.5.3. Requesting Agency/PSAP requests TERT through local and WA EMD
- 4.7.5.4. Regular and overtime wages for Telecommunicators, travel and equipment costs are submitted through EMAC to Requesting Agency before EMAC mission approval is finalized

4.7.6. Responsibilities for Requesting Agency/PSAP Request for TERT Within the State-NON-Federally-Declared Events

- 4.7.6.1. Requesting Agency/PSAP contacts the State TERT Coordinator requesting TERT assistance as mutual aid.
- 4.7.6.2. State Coordinator will contact the appropriate Regional Coordinators for a list of deployable team members.
- 4.7.6.3. Mutual aid non-declared response costs are the responsibility of the Participating Agency/PSAP and all costs of the deployment of their employees are borne by them.
 - 4.7.6.3.1. In some cases, reimbursement for TERT member costs may be available, but it is not guaranteed.

TERT Request/Deployment Flow Chart

APPENDIX A

TERT Member Supply List

The following has been adapted from the NC-TERT Team Member Deployment Supply List:

Supplies should be tailored to expected environmental and scene conditions, specific member needs, and guidance from the TERT State Coordinator, TERT Team Leader and/or Incident Commander. The deployed TERT Team should ensure their members are able to be self-sufficient for at least 72 hours when deploying to major disaster scenes but the Team shall meet the requirements of the EMAC Mission Order.

All TERT members should understand that deployment requires commitment and flexibility. Basic comfort facilities may not be available and only those willing and physically able to work in adverse conditions should become team members. Those requiring special diets and/or refrigerated medication or medical conditions requiring ongoing monitoring should not be selected for response.

- ☐ Trouser belt / underwear / socks
- ☐ Mess kit / Camp cup / Eating utensils / Spare batteries for flashlight
- ☐ Utility items: rubber bands, safety pins, needle and thread, extra buttons, duct tape, electrical tape, clothesline, etc. Note: re-roll a few feet of tape on a pencil or similar and break off ends for a compact supply
- ☐ Towel & Washcloth
- ☐ Swimwear (weather dependent)
- ☐ Shower shoes
- ☐ Soap, shampoo, toothbrush, toothpaste, hairbrush, razor, cosmetics, hand mirror, personal hygiene items, contact lens supplies etc.
- ☐ Zip lock bags (assorted sizes) / Garbage bags
- ☐ Dirty laundry bag
- ☐ Half roll of toilet paper – smash flat to conserve space
- ☐ Hand & body towelettes / hand sanitizer
- ☐ Radio / batteries
- ☐ Reading materials / entertainment
- ☐ Small battery powered alarm clock, pager, or watch to be used as an alarm clock.

Special Considerations

- Keep your number of packs of your equipment to a minimum. You should be able to carry them all at once for a short distance.
- Military duffel bags are ideal. Vacation type luggage is acceptable but discouraged.
- Label **ALL** your equipment with your name and address.
- Absolutely **NO** Sterno, propane or compressed gas containers should be in your gear. Chemical heaters are acceptable.
- Be careful about lithium batteries – some are permitted on airlines; some are not, you will need to check with your airline before packing a lithium battery.
- It is possible there will be no electrical outlets available. Electrically powered items are discouraged.
- Consider packing each of your days' worth of clothes in a separate zip lock bag for easy retrieval of that day's items.
- Pack all equipment in your pack in separate zip lock bags in case your pack is exposed to the weather.
