Mark Spross
Candidate for 2nd VP of APCO International

Dear Mark,

I am writing to let you know that the Washington Chapter of APCO-NENA voted to endorse your candidacy for 2nd VP of APCO International.

The chapter is impressed with your commitment to the emergency communications professionals in PSAPs throughout the country. Your involvement at the state and international level is admirable and we are confident that you will work to advance the many initiatives that are of importance to our industry. Your candidate statement addresses your desire to continue pursuit of federal legislation for NG911 support and push the 9-1-1 Saves Act as well as expand health and wellness initiatives. We can think of nothing more important than continued focus in these areas.

Thank you, again, for your commitment to our industry and good luck in the upcoming election!

Sincerely,

Katy Myers

Katy Myers
